Meeting called to order at 4:31 PM

**TOPIC:** Churchill and Banks

Unfortunately the selectmen's agenda wasn't posted correctly and we were not able to meet with them as originally planned. A small discussion ensued about the overall scope of Churchill and Banks' proposal and their current possession of the Tisdale Dam, the pump house adjacent to the dam and the abandoned water line that connects to the pump station.

The BOS invited the committee to meet with them next week, but a date and time was not certain at this point.

I graciously accepted their invitation and will schedule another meeting when a date has been agreed upon.

**ADJOURNMENT:**

**MOTION:**

**Motion to adjourn the meeting made by Mr. Rezendes, seconded by Lisa Pacheco. Unanimously passed.**

Meeting adjourned: 4:43PM

This is a true record by me:
