DISCUSSIONS:

- 1) Sign Field Engineering Bills: I received a complaint from Ronald Miranda regarding the billing of Field Engineering for a binder course pavement inspection. Mr. Miranda did not feel that it was necessary – at his expense and without his consent – for a construction inspector to be on site for 8 hours watching the installation of the binder course of pavement. He does not want to pay this bill (\$935.00).
- 2) Sign advertising bills for Southcoast Media Group
- 3) Review and discuss letters from Paul Bourgeois and Daniel Loranger regarding Mason Corner.
- 4) Review minutes of 02/19/08, 03/18/08, 04/01/08,
