

### **Money Management Program**

The Money Management Program was developed to assist low-income elders who have difficulty writing checks, balancing their checkbooks and managing their money. Some of these elders may be homebound, visually impaired, confused and without family nearby to help. The day-to-day operation of the program is managed by Coastline with the purpose being to provide assistance to elders who might be at risk of losing their independence due to their inability to pay basic rent, food and utility bills on time. A trained, insured, supervised volunteer is carefully matched one-on-one with an elder needing assistance. The volunteer goes to the elder's home at least monthly to help keep track of income and expenses.

Volunteers are needed to assist in providing this worthwhile service. For more information, please call Linda Aguiar 508-742-9113 or email [laguiar@coastlinenb.org](mailto:laguiar@coastlinenb.org)

### **DIRECTORS NOTE**

**Looking back over the last year has been bittersweet. New friendships have been formed. New volunteers have come in to see what we do and have offered to help.**

**We have lost many in the last year that have left such an impact on our lives; just thinking of them brings a tear. That is the toughest part of this job.**

**With the New Year here, we hope to establish new friendships. It does take a town working together, to get the job done.**
