Seasonal Labor

The Sexton position is currently funded for one person for 19½ hours per week during the season. Discussion was held as to whether this should be expanded to two people for 19½ hours per week (particularly if Richard Brown would not be available), to two people for 10 hours each, left as one person for 19½ hours, or eliminated altogether. Mr. McCue reported Chuck Macomber, Highway Surveyor, said if the position was eliminated, the Highway Department would make it work. Mr. Desmarais did not want to burden the Highway Department, but acknowledged the position has been difficult to keep filled. A motion was made by Mrs. Levesque, seconded by Mr. Desmarais, to advertise for one person for 19½ hours per week and see what comes of it. The motion carried unanimously.
