New Business:

Formula Grant was discussed of different needs in the building. The kitchen needs to be updated to today's standards. Such as a higher sink, dishwasher, shelving, updated faucets for the sink, convention ovens, electric stove (upstairs), doors were purchased for the back of the building last year. They need to be painted and installed. Discussed were windows for the back and sides of building, which not hamper if an addition was put on. The rug upstairs needs to be fixed or replaced. It is starting to buckle, could be a hazard. Bruce will call Freetown Carpet to get their advice on this. The floor downstairs needs work. Moisture comes up through the floor so every couple years we have to replace it. We should fix what we have before adding on to the building if we can.

Meeting adjourned.

Respectfully submitted,

Barbara Place
