Clerk/Board Member canceling/postponing meeting**LIST OF TOPICS****Transition from School age to Adult Life**

This workshop will address the transition planning, and services required for youth with disabilities ages 14-22. It will focus on both the transition special education services which prepare youth for employment, independent living and further education, and mechanisms to plan for services students may require when they exit special education and transition to the adult human service system.

The workshop is for anyone who would like to have a better understanding of:

- How to begin the planning process for your son and/or daughter to ensure a smooth transition from public school entitlement to adult life.
- The need for intensive, coordinated services for students with disabilities to make effective progress and be able to transition from school to post school activities such as: post-secondary education, vocational education, employment, independent living, community participation, and adult services.

Presenter: Lisa Fournier, South Coast Educational Collaborative LIFE Program Director, Transition Specialist

There is no cost for this workshop and ALL are welcome!! Please share!
