

Thank You For Participating!
Town of Freetown
Community Electricity Aggregation (CEA) Program

The Freetown CEA is the town's program to provide competitive choice for electricity to our residents and businesses.

The Freetown CEA program is part of a 25-community electricity purchasing group, active since January 2016, and we thank you for your participation.

Freetown CEA is changing electricity suppliers from Public Power to Constellation starting January 2021. You will see a notice in your January 2021 Eversource electricity bill.

You do not need to take any action to remain in the program on the default rate.

The new default program rate is \$0.10470 per kilowatt hour (kWh) fixed for 35 months (January 2021 through December 2023). This is 12% lower than Eversource's 2020-21 winter Basic Service Supply rate for residential customers. However, future savings compared to Eversource's rates cannot be guaranteed because Eversource's Basic Service rate for residential customers is fixed only for six months, from January through June 2021.

Starting in 2021, Freetown CEA will also offer two optional electricity rates with more renewable electricity than required by state law.

More program details are found on www.masscea.com/Freetown

Utility Bill Notification

In January, you will see a notice on your Eversource bill that you have changed suppliers. In February, you will see the new program rate on your bill for the electricity you used in January. Freetown residents and businesses in the program receive the default rate, which meets state renewable electricity standards, unless they affirmatively select one of our optional rates: 50% Local Green or 100% Local Green.

No action is needed to remain in the program on the default rate.

Tax-Exempt Business Customers: You must submit your tax-exemption letter to the new supplier, Constellation via fax at 877-243-4968, via email at CNETaxForms@constellation.com or by mail to Constellation, Attn: Tax Team, 1001 Louisiana Street, Suite 2300, Houston, TX 77002.

WE'VE RECENTLY BEEN NOTIFIED YOU CHANGED SUPPLIERS. EVERSOURCE WILL NOW BILL YOU ON BEHALF OF YOUR NEW SUPPLIER.

WE'VE RECENTLY BEEN NOTIFIED YOU CHANGED SUPPLIERS, EVERSOURCE

New Electricity Rates & Options

Receiving this letter means that you are currently enrolled in Freetown CEA's default electricity rate. See table below for new CEA product offerings and program rates for residential ratepayers and comparison to Eversource Basic Service. See masscea.com/Freetown for rates for industrial and commercial customers.

Eversource rate	Freetown CEA default rate	CEA optional rates	
Basic Service (residential customers)		Freetown Local Green 50%	Freetown Local Green 100%
Meets state renewable electricity standards	Meets state renewable electricity standards	50% in addition to state renewable electricity standards	100% in addition to state renewable electricity standards
\$0.11882/kWh	\$0.10470/kWh	\$0.12244/kWh	\$0.14019/kWh
Duration: January 2021 - June 2021	Duration: January 2021 - December 2023 Products described as Green contain renewable energy above that required by state law. The additional renewable energy qualifies for MA Class I designation. Local refers to geographic areas permitted under MA Class I designation, namely New England, New York and eastern Canada.		

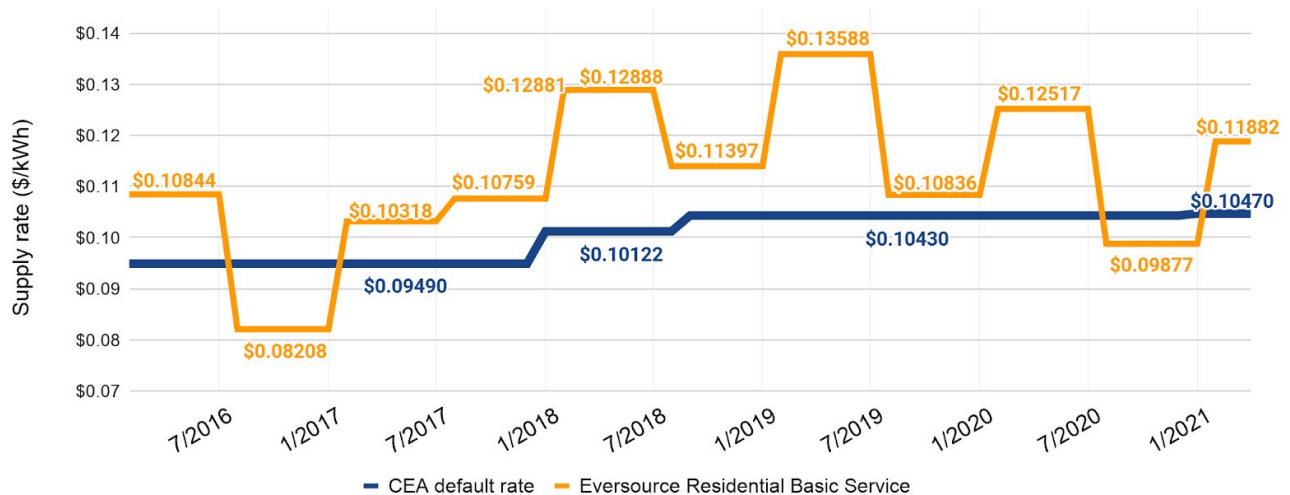

Disclaimer: Savings cannot be guaranteed as compared to Basic Service rates which change every six months for residential and commercial accounts and every three months for industrial accounts.

Reminder: No action is necessary to remain in the program on the default rate.

You may change to a different CEA option or opt out without penalty at any time on the program website masscea.com/Freetown or by calling the supplier Constellation at 833-461-0813.

Delivering Value to Freetown

The cost of Freetown CEA has been competitive with Eversource's Basic Service for residential customers over the last five years.

Future savings compared to Eversource Basic Service cannot be guaranteed because future Basic Service prices change every six months for residential and commercial customers and every three months for industrial customers.
