Minutes of the Water and Sewer Commission meeting 02/19/2016

10:00 a.m. Meeting called to order by Bob Parker

Members present: Bob Parker and Brad Paiva

Staff present: Keven Desmarais, Isabel Ferreira, Steven Chandler

Brad: motion to approve minutes from February 5, 2016.

Bob: second the motion. Minutes approved.

Bob asked if there was any word regarding GPS system. Keven has not heard back and will contact them again after the meeting.

Keven: Water usage and cost for 58,000,000 gallons. Fall River needs to calibrate and provide test results of each meter. ISP has not been reading correctly for years. Have to give estimated numbers until meters are replaced. Keven will reach out to John Friar with Fall River. Brad: Yes, get the phone number for John Friar from Mike.

Keven: Fall River will give us calibrated results and readings. Give us a month or two of accurate reading.

Keven discussed potential contact with Jack Healey regarding contract with Fall River. Bob Parker states that all communication should go through Board.

Monday night meeting will determine how to move forward giving better perspective on water usage.

Other business: sign bills.

Bob: email Chandler with any meeting agenda items and I will add to agenda.

Bob P. Next meeting will be Friday, March 4, 2016, @10:00am.

Motion to adjourn @ 10:40 by Bob P, 2nd by Brad P. all in favor.

Respectfully submitted,

Steven Chandler
